

“How Temperaments Impact You, Your Spouse & Your Kids”

Zoom Video Class Participants Information

Class overview: The goal of this class is for parents to understand the 4 temperaments and how they impact your family. When you understand how God uniquely made you, your spouse and your kids, you all can realize and fulfill God’s purpose for your lives. You will learn how the temperaments interact with each other in both positive and negative ways and how you and your kids can build on the strengths of your temperaments while learning how to manage the weaknesses of each temperament to have enjoyable relationships with each other and to fulfill God’s purpose for your life.

Classes are one night a week typically 4 consecutive weeks led by authors Joey & Carla Link

- Classes are from 7:30 – 9pm CT. Joey and Carla usually stay on after class for additional discussion and Q&A
- Classes are small groups of 6-8 couples on Zoom video
- Each week participants will need to watch that week’s video at home, read the workbook chapter and answer study questions in preparation for class discussion
- Each couple needs to purchase the book and video access either by streaming or DVD
- There is a class fee of \$25. per couple for the class. On the last night of class, each couple completing the class will receive a coupon code to download the 3 Mom’s Notes MP3’s & PDF’s on Temperaments for free. A \$30. value
- Both parents are asked to attend all 4 class sessions as the teaching builds week upon week and will impact both spouses to be able to co-parent their kids together. Missing one class can leave a big hole in the understanding of the Temperament teaching. Therefore, we encourage you to join a class that you can attend all 4 sessions.

Workbooks and DVD’s can be purchased at www.ParentingMadePractical.com. We recommend you order **at least 2 weeks prior to class to get materials on time for class.**
